

Custom Panel Ordering Instructions

Some measurements are required in order for us to properly create your new panels. Please follow the instructions below. Color and font may not match existing panels.

1

- Remove the panels you will be replacing.
- Leave the panels you wish to keep on the sign.
- If you are replacing all of the panels, measure from one end of the tracking to the other end and skip to #3.

2

- Slide the remaining panels all the way to one side of the sign.

7:30PM**

3

- Measure from the edge of the last panel to the edge of the tracking. This is the maximum length of your new panel(s).
