

HEAT UP YOUR SIGN PROJECT!

We've done it again! We have found a unique way for you to raise all the money you need for a new SIGNS PLUS changeable copy sign! And it's easy!

OTHERS ARE USING THIS NEW IDEA VERY SUCCESSFULLY.

Here's all you need to do . . .

Each changeable copy sign we provide has either 356 or 534 letters, numerals, and punctuation marks.

Ask everyone to buy a letter or two . . . or more.

Suppose you want a model that costs \$5,000. Just divide the cost by the number of letters we provide. At 534 letters you need only \$9.36 per letter! Imagine the possibilities!!

Almost any individual or any family can purchase one or two letters. We will even provide you with a "LETTER THERMOMETER" to measure your progress toward your goal. Many groups across America are now using this simple, effective method to raise hundreds or thousands of dollars.

Just ask your representative once you have determined what Signs Plus model you want serving you!

We will then send your letter thermometer, a sample changeable letter, and a colored sketch of your sign with all the specifics you need to make your sign a reality!
